## My Rallyhood Dashboard

 View Demo

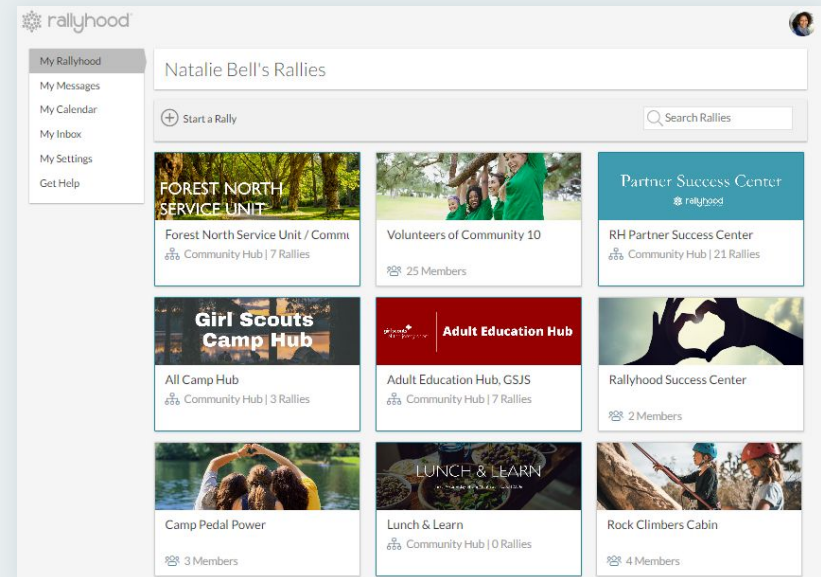

When you log into Rallyhood, you will see your Dashboard — also known as **My Rallyhood**.

Your **My Rallyhood Dashboard** is where all of your groups and their respective Hubs and Rallies come together in one place, making it easy to find the information relevant to you.

The **My Rallyhood Dashboard** is a personalized experience for every user. Each tile represents a Hub or Rally that you have been invited to or opted to join.

Each tile will display either the “**Hub**” icon or the “**Rally**” icon to give users an indication of what they will find when they click on the tile.

The **My Rallyhood Dashboard** can be customized by dragging and dropping Hubs and Rallies into an order to prioritize them in a way that suits individual needs.

## My Rallyhood Dashboard

 View Demo

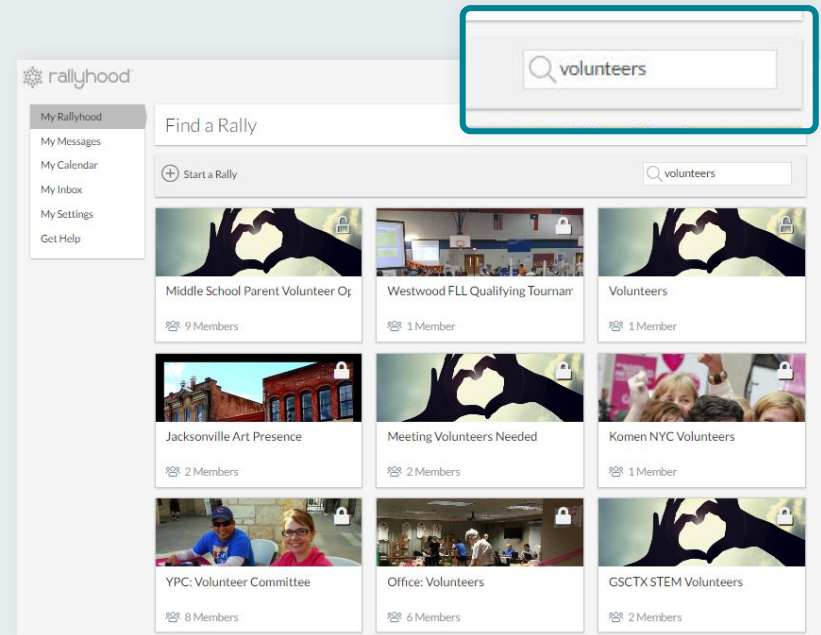

At the top right of the Dashboard is **“Search Rallies.”**

- In this field, users can type in a keyword to search for Hubs and Rallies across the entire Rallyhood platform.
- Hubs and Rallies that are set to “Public” or “Private,” will show in the search results.
- However, if a Hub or Rally is set as “Unlisted,” it will not appear in the search results. In this case, a user would have to be explicitly invited by an Admin to join.

When the search results populate, users can look for the **“Hub”** icon and **“Rally”** icon in the bottom left corner to help with identification. The tiles will also have one of the following icons in the top right corner to aid with identification:

-  Indicates that the Hub or Rally is Private
-  Indicates that the Hub or Rally is Public
-  Indicates that the user is a member of the Hub or Rally

Note that by clicking the **“Rallyhood Logo”** anywhere in the Rallyhood platform, you will return to **My Rallyhood Dashboard**.

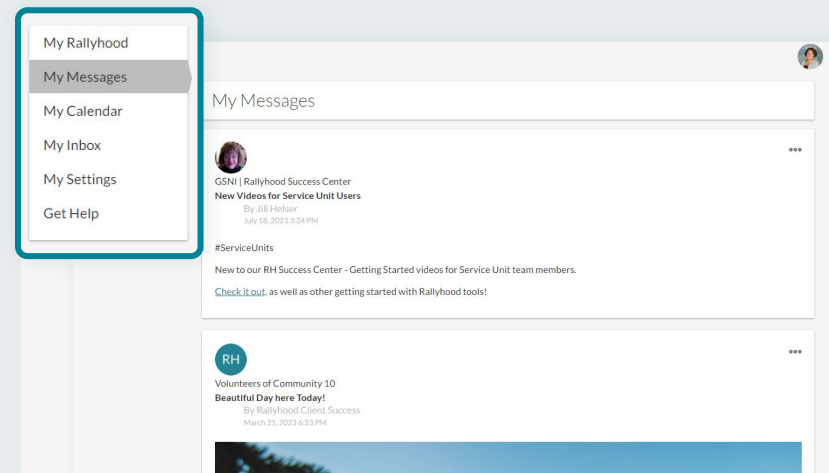

## My Messages

 View Demo

“**My Messages**” in the user Dashboard, is an aggregated activity feed of all Message Wall posts across all the Hubs and Rallies in which the user is a member.

- From **My Messages**, clicking “**View More**” will expand the message if it is longer than the condensed viewing pane.
- Clicking anywhere on the message will redirect to the **Message Wall** of the Rally where the user can react to or interact with the message.

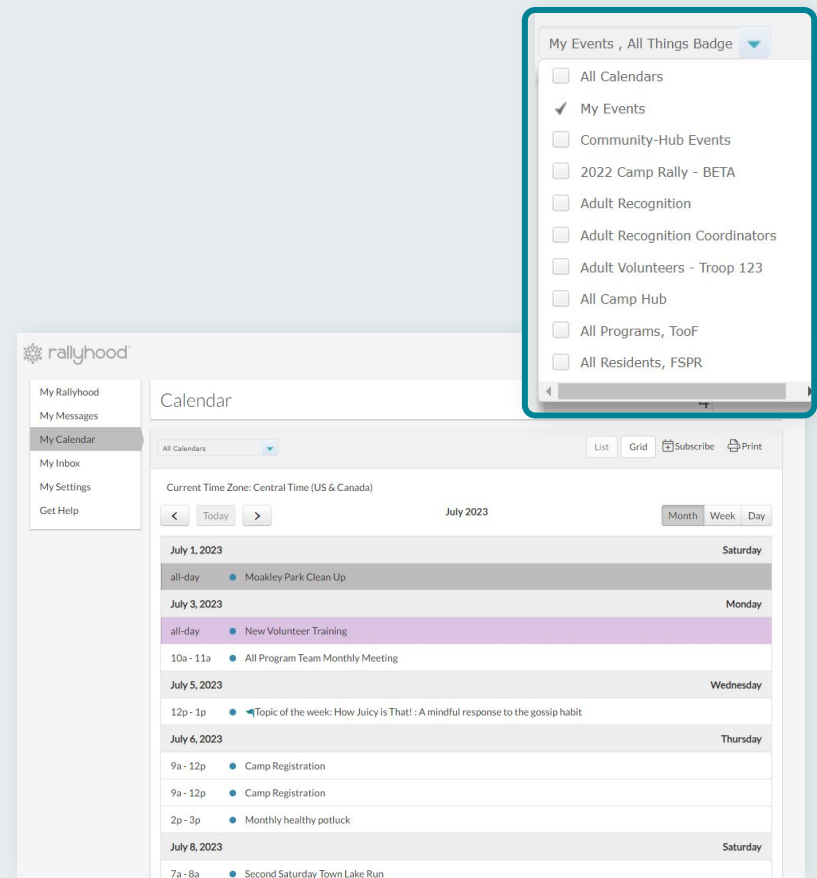

## My Calendar

 View Demo

“My Calendar” in the user Dashboard is an aggregated calendar that includes all of the Events, Meetings and Special Events across the user’s Hubs and Rallies.

Users can choose their **Calendar** layout/view preference with the “**List** and **Grid**” buttons.

Click “**Subscribe**” to bring up instructions to import a Hub or Rally calendar into a personal calendar (iCal/Apple, Google, Outlook 2007, or Outlook 2010). Once synced, any event added to a Hub or Rally calendar, to which the user is subscribed, will automatically be added to their personal calendar.

## Create a Rally

 View Demo

While the **“Start A Rally”** button is available on the user’s **Dashboard**, for Premium Accounts, we recommend users follow the instructions below to ensure Rallies are created as part of the organization’s ecosystem.

To Start Rallies in your Organization’s Ecosystem:

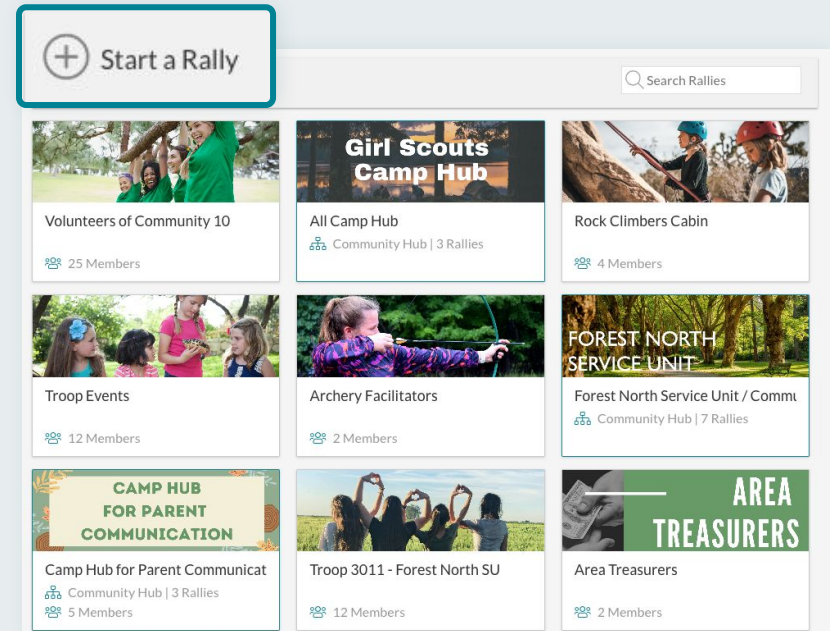

- A user should always request a new Rally by direct messaging or emailing a Hub Administrator or Council Staff Member.
- Details on starting a Rally from the Hub can be found in the Hub Environment section of this user guide.

Why not just start a Rally from the **Dashboard**?

- If a Rally is started from the **Dashboard**, it would be a stand-alone “Rogue Rally” and will not be connected to the organization’s ecosystem.
- If a user has created what Rallyhood refers to as a “Rogue Rally,” an Admin can reach out to the Rallyhood support team who can bring that Rally into the appropriate place in the ecosystem.

How do I reach out for help?

- Click the **“Get Help”** button or send an email to [support@rallyhood.com](mailto:support@rallyhood.com)
