

Service Team Monthly Overview February 2026

The purpose of this resource is to provide you with an overview of each volunteer position within the service unit so that you can stay updated with what everyone is focusing on during this month. This overview should be used in conjunction with your service unit annual plan so that you can customize resources and ideas to meet the specific needs of your service unit.

TIP OF THE MONTH

Volunteer support thrives when expectations are clear and help is easy to access. When Service Unit team members share timely information, point volunteers to the right resources, and follow up with consistency, volunteers feel steady and capable in their roles—reinforcing trust and belonging throughout the Service Unit. Support isn't about having all the answers; it's about making sure volunteers know where to go and who to ask. This month, focus on one simple act of support: highlight a key resource or contact and personally remind volunteers, "You're not in this alone—we're here to help."

- Girl Scouts is the most visible in our communities during the Girl Scout Cookie Program. We want our troops to be prepared when asked, “Can my girl join your troop?” While we want every girl to have an opportunity to join Girl Scouts, we understand not every troop can welcome new girls. Troop leaders should direct families to [gsw.org/join](https://www.gsw.org/join) to get more information about Girl Scouts. GSWO will work with the family to find the best opportunity for them.
