

How the Cookie Crumbles

Did you know that every service provided by Girl Scouts of Western Ohio is subsidized for our members? It costs \$300 per girl to give her the Girl Scout Leadership Experience for just one year. The Girl Scout Cookie Program not only gives girls funds for the troop, but it also supports all of our services to volunteers, parents, and girls. It is important to remember that “council” is all of us. Every penny from the Cookie Program stays within our council after we pay our vendor and program costs.

In 2017 Girl Scouts of Western Ohio troops earned \$2,333,606 in troop proceeds to fund their activities, buy supplies, and support service projects in local communities. Yes, that’s \$2.3 million in the hands of our girls and troops to make the world a better place!
