

INSTRUCTIONS

FUN SWAPS

Decorate key tags to look like the new Girl Scout Cookie, other Girl Scout Cookies, cookie boxes, badges, or use your creativity and make something fun! Then, turn them into SWAPS.

Supplies:

- scissors
- tape or glue
- key tags
- safety pins and/or string
- felt
- pipe cleaners
- markers
- paper
- hole punch

Step 1:

To make an Adventurefuls cookie, cut a 2" circle out of felt. Tape or glue to a 1.25" key tag with a string attached to it.

Step 2:

Cut a 1.5" circle out of caramel-colored felt. Tape or glue to the dark brown felt circle.

Step 3:

Cut and glue brown pipe cleaners to the felt cookie to look like the chocolate stripes.

Step 4:

Write a troop message on a small piece of paper, like shown at the top of this page.

Step 5: Punch a hole in the corner of the small piece of paper.

Step 6:

Slide the key tag string through the hole.

Step 7:

Attach a safety pin to the end of the string so girls can hang their Adventurefuls™ SWAPS wherever they'd like.
